# 1 Overview

The Mapping Enterprise Business System (MEBS) Reports Process module is assigned to MEBS roles and the list of reports (on the report page) is filtered by the logged in user's roles.

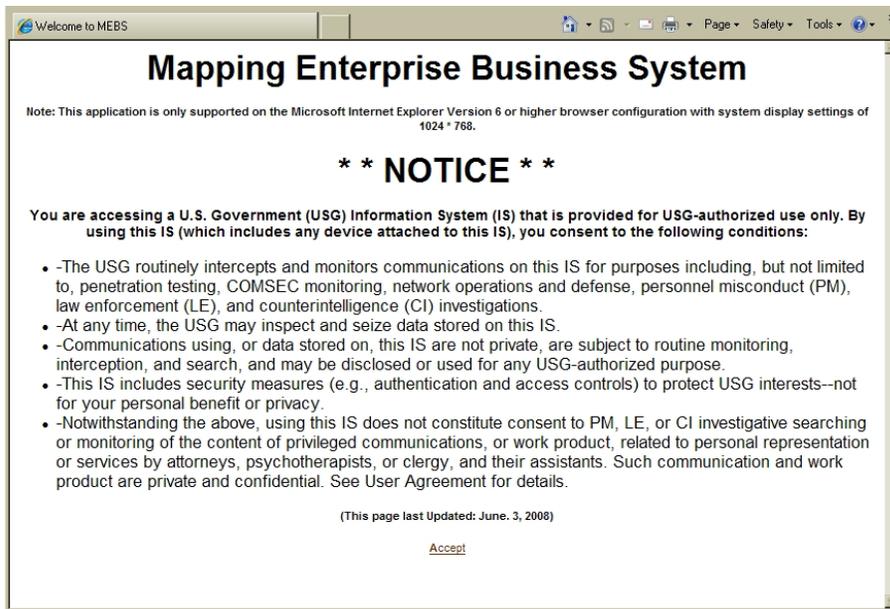

## 2 Getting Started With MEBS and Reports

This section describes basic functionality of the MEBS application and the Reports application module page.

### 2.1 Login into MEBS and the Reports Search Page

To login into MEBS directly from the browser type <https://mebs.dla.mil>

1. The first screen displayed is the DoD access notification page.
2. Read the **Notice** and Click the **“Accept”** link at the bottom of the page.

3. A new window will open in the background and a pop up window will appear.

4. Click the **“Yes”** button.

5. The **MEBS Main** page will display.

Task Number	Title	Priority	State	Created Date	Expiration Date
995949	<a href="#">Unit Test Notification</a>	3	ASSIGNED	12/30/2011	
995945	<a href="#">Unit Test Notification</a>	3	ASSIGNED	12/30/2011	
995919	<a href="#">Unit Test Notification</a>	3	ASSIGNED	12/30/2011	
995915	<a href="#">Unit Test Notification</a>	3	ASSIGNED	12/30/2011	
995906	<a href="#">Unit Test Message [0004]</a>	3	ASSIGNED	12/30/2011	
995902	<a href="#">Unit Test Message [0003]</a>	3	ASSIGNED	12/30/2011	
995898	<a href="#">Unit Test Message [0002]</a>	3	ASSIGNED	12/30/2011	
995895	<a href="#">Unit Test Message [0001]</a>	3	ASSIGNED	12/30/2011	
995890	<a href="#">Unit Test Message [0000]</a>	3	ASSIGNED	12/30/2011	
992412	<a href="#">Unit Test Notification</a>	3	ASSIGNED	11/30/2011	

6. Click the **Reports** tab. The **Reports** screen will appear. Notice for this example there are two reports listed under the Title column along with a brief description of each report.

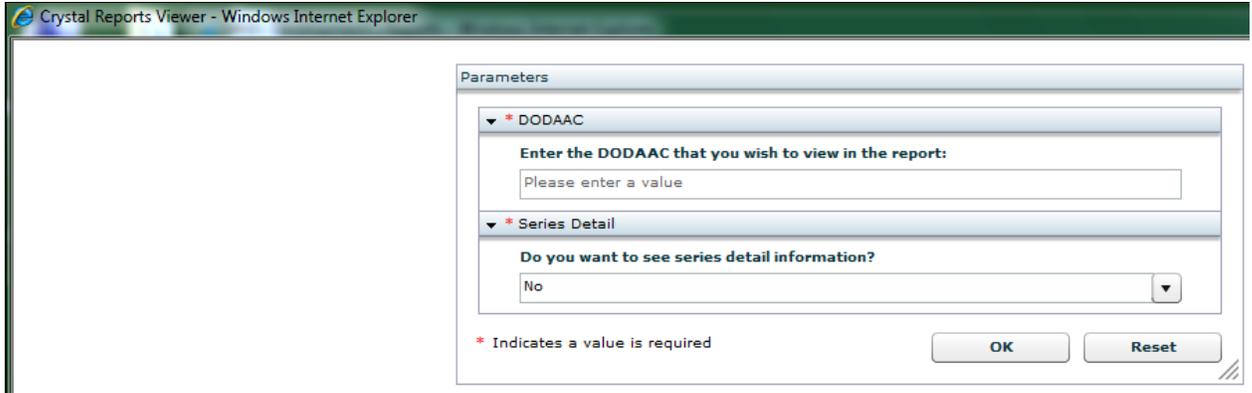

**Note:** There are two available functions **View Reports** and **Edit Reports**.

Title	Description
<a href="#">User DODAAC</a>	Sample report showing the ability to filter data based on users id and DODAAC.
<a href="#">Customer AD</a>	Sample report with Crystal prompts.

7. Select **View Reports** tab and click desired Report.

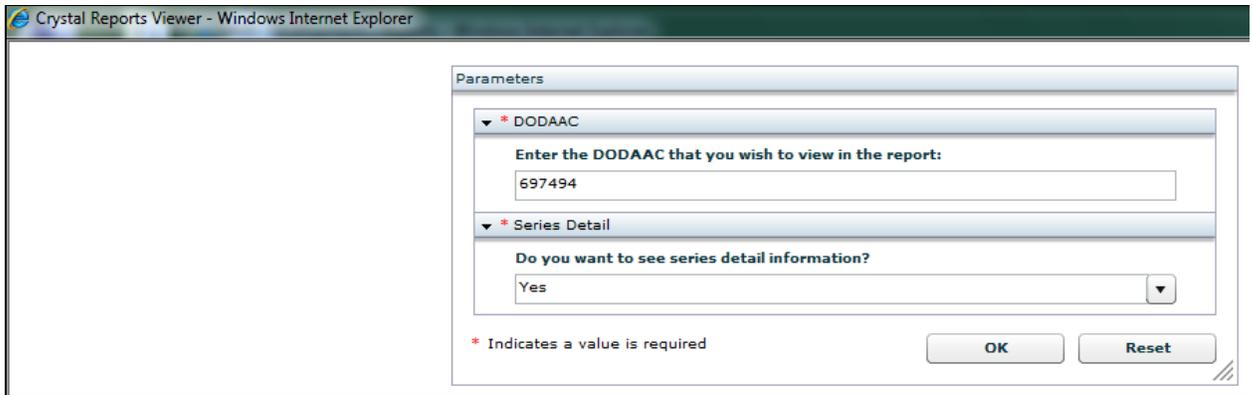

**Note:** For this example the **Customer AD** report was selected. Additional reports may be added in the future, however, the general instructions for generating the reports would be the same.

8. The **Crystal Reports Viewer** screen will display.

9. Enter a valid **DODAAC** and select from the drop down list **Yes** or **No** to view series detail information. Click **OK** button to proceed or **Reset** button to return to previous page.

**Note:** \***DODAAC** and \***Series Detail** fields indicate a value is required for both fields.

10. The Customer AD Report displays for the **DODAAC** selected. In the upper top right hand corner will display the **Data Date** (day report was ran) and **DODAAC** that was selected.

**Note:** Users can **Minimize**, **Maximize** and **Close** the screen by clicking on the following icons located in the upper top right hand corner of the screen.

Custodian Name	Alt. Custodian Name	Account Status	Account Manager
Marquez, Danny		ACTIVE	Harris, Cheryl

11. In the upper top left hand corner of the screen will display the following options:

**Export Report** - Users can Export all pages of Report or just selected pages.

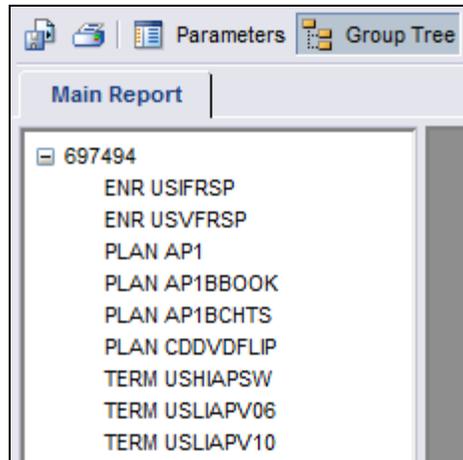

**Print Report** – Users can Print all pages of Report or just selected pages.

**Show Parameter Panel** – When selected “Do you want to see series detail?” Select **Yes** or **No** from drop down list.

**Group Tree** – When selected displays +DODAAC . Click the + **plus sign** and product list will appear for the report. Click the – **minus sign** and the product list collapses. Example below under Main Report tab DODAAC 697494 and all products that are listed on the report.

Displays **number of pages** in report. Users can click arrows to scroll top to bottom of report, etc.

**Zoom** option used to increase or decrease view of report.

**Search for text.** Click the  icon. If there are any matches to the text selected they will appear in **orange** highlight on the report.
